

Features & Benefits

Fine Mist

High quality mist-like-spray spreads evenly and perfectly.

Propellant-Free & Non-Pressurized

Free your brands from problematic propellant gases and high-pressurized packaging.

Continuous spray

Repeated actuation creates an endless spray allowing large areas to be covered quickly and easily.

Refillable

Providing sustainability for your brand.

Re-fill bottle

The re-fill bottle provides means to stay connected with your consumer, increases sustainability & saves costs.

Near 100% evacuation & 360° dispensing

When used with our FLAIR-bottle, the system can:

- Dispense >98% of the product, leaving <2% residue.
- Continuously dispense from any angle (360°) equal to an aerosol system.
